SECURE SOLUTIONS: VISCOSÉ PACKAGING

WWW.VISCOSECLOSURES.COM

ABOUT US

We are a leading UK manufacturer of tamper evident packaging and supplier of caps and closures with over 100 years' experience in the packaging industry.

Our factory and equipment are of the highest standard and conforms to ISO:9001, ISO:14001 and recently achieved BRC AA+ status, so you can rely on us to provide quality products that are right first time - on time.

From our factory in Wales we proudly serve over 30 countries, and our solutions are used in more than 10 sectors including food, drink, pharma and gas.

We are fortunate to have a loyal customer base with the majority of our relationships spanning decades due to our exemplary service and collaborative approach.

Whether you are just starting out or are an established business, we will support you throughout your packaging journey offering technical advice and complimentary trial samples to ensure we find the best solution for your needs.

SO WHAT MAKES US DIFFERENT?

Small but mighty – we may not be the biggest but our service is second to none and we focus on what matters most – our customers. Being an SME means we can be innovative, agile and a true supply partner – no red tape, everyone under one roof and just a phone call away.

Talented people – with over 600 years experience across our manufacturing team and an average 30 years length of service we have dedicated, knowledgeable and loyal staff that are always willing to go above and beyond for our customers.

Challenge seekers - whether that's a uniquely shaped bottle or an awkward container style- we thrive on finding new ways to apply our solutions.

Flexible & Reliable – struggling to meet MOQs, long lead times or limited warehouse availability? We offer free stock holdings, maintain a healthy stock level of popular items and have short lead times. We cater for box quantities right through to full loads – our service is tailored to meet your needs.

PRODUCT CATALOGUE

SHRINK SLEEVES:

Shrink sleeves, also known as full body sleeves, tamper bands, shrink bands or shrink seals, act as a secondary seal around your bottle or container to prevent contamination, tampering and are a brilliant way to add decoration to your packaging.

Shrink sleeves are flexible, meaning they can shrink onto even the most uniquely shaped containers allowing you to stand out from the competition.

They provide visual tamper evidence to the end consumer, reducing shelf reject rates & enhancing your brand integrity.

In many industries a shrink sleeve or tamper sleeve is a regulatory requirement and is needed to launch the product. Some primary closures such as GPI caps, bartops and corks are not tamper evident on their own and require a secondary seal in order to protect the product.

PLASTIC-FREE SHRINK SLEEVES:

Our unique, plastic-free shrink sleeves are made from sustainable wood pulp. They are biodegradable and home compostable making them an eco-friendly packaging solution with a superior finish for your product.

KEY INFORMATION:

- ✓ Plastic-free, biodegradable and home compostable.
- ✓ Heat-free - self-shrinking at room temperature within an hour, perfect for heat sensitive contents and reducing energy consumption and costs.
- ✓ Hand applied - no investment needed for bulky, heavy, or expensive equipment, just apply and let dry.
- ✓ Low MOQs starting from 1,000 sleeves.
- ✓ Available in a variety of standard & bespoke colours.
- ✓ Ability to print your brand logo or message.

HEAT-SHRINK SLEEVES & CAPSULES:

Our heat-shrink products are made from thermo-films which are flexible meaning they can shrink onto even the most uniquely shaped containers allowing you to stand out from the competition. Available in a variety of sustainable films, our heat-shrink sleeves are perfect for the eco-conscious producer or packer.

Shrink sleeves are great for branding, we use multi-colour gravure printing which is durable and prevents scuffing to ensure a premium finish. We offer a 3-colour print on most materials, making sleeves practical as well as stylish.

KEY INFORMATION:

- ✓ Multiple formats to suit your production capability: reel-fed, pre-cut sleeves, pre-formed sleeves and closed top capsules.
- ✓ Available in a variety of sustainable films such as recyclable PET, 30% recycled content rPET and industrially compostable PLA.
- ✓ Heat shrink capsules – traditional closed top capsules available in diameters 20mm to 43mm with finishes such as hot foiling, hot stamping, flexo & digital print.
- ✓ Prevent counterfeiting & tampering as well as provide visual tamper evidence
- ✓ Perfect solution for awkward shaped containers
- ✓ MOQs starting from 10,000 sleeves
- ✓ We offer full body sleeves if required, which are dual purpose with a large print surface for your messaging.
- ✓ Short lead times starting from as little as 5 days for plain products
- ✓ In house printing experts able to colour match your product and advise on design.
- ✓ Additional finishes such as vertical / horizontal / "T" perforations and coloured tear strips.

CAPS & CLOSURES:

Bottle caps and closures are a critical part of a products primary packaging. They are designed to preserve the integrity of the liquid contents from bottling through to end consumer and are an integral part of the opening experience. Bottle caps are the finishing touch in the mix of packaging that makes up your uniquely branded container, and as such they need to be easy to use as well as visually appealing. Viscose has been distributing caps and closures for over 30 years. We represent European manufacturers that produce only the highest quality, reliable bottle caps in a variety of sizes and finishes.

KEY INFORMATION:

- ✓ Bartops and corks – 100% natural cork, responsibly harvested from Portugal with a variety of finishes to compliment your brand.
- ✓ Metal GPI closures
- ✓ Aluminium ROPPs
- ✓ All closures come in a multitude of sizes with top & side printing, colour matching and embossing available.
- ✓ Metal Oil pourer closures
- ✓ UK stocks of our most popular lines: Metal ROPP 28x15, 30x35 and 18x12, and 1810 Flat plastic all in a variety of colours.

STILL UNSURE?

HERE'S WHAT OUR CUSTOMERS HAVE TO SAY:

Viscose Closures provide metal caps for much loved Britvic soft drinks such as Purdey's, J2O Spritz and Robinsons Cordials. The account is managed efficiently by the experienced team and Viscose is a reliable and responsive partner. Viscose continuously rise to every challenge Britvic sets. – **BRITVIC**

Viscose have always gone "the extra mile" to assist with stock to be able to facilitate our customers. – **IPS**

Viscose have a prompt response to resolve any enquiry. I also find that they are helpful and very proactive in their approach. – **AAK FOODSERVICE**

Good customer service, always helpful and patient. Nothing is ever too much. – **A-GAS**

We have been through a tremendous growth period at Nutravita and needed a supplier who could not only keep up with our pace but offer us quality, colour matched, printed sleeves on a per product basis. We are happy to share that Viscose have lived up to their promise, always on time, colour reproduction is fantastic, and there have been no application issues. As we move into the next phase of company growth we are confident we can rely on Viscose to support our business. – **NUTRAVITA**

Viscose's speedy and quality communication make for a very easy process and enjoyable to work with. They cater and deliver our requirements with excellence! – **THERMO FISHER SCIENTIFIC**
